The Romans Project

Our Vision:

Proclaim-Africa's pursuit is to see followers of Jesus Christ, who are transformed through the diligent and obedient study of God's Word, can preach sermons with a clear and accurate explanation of Scripture, and are equipped with ministry skills to actively proclaim the gospel of Jesus Christ throughout Africa and beyond.

One of our strategies: In-depth Bible Study Method

Welcome to "The Romans Project!" It is good for you!

"The Romans Project" is an intensive personal study in the Book of Romans in the Bible. Welcome to this exciting adventure! Please follow the instructions below.

Requirements for Romans Project

1. Read through the Book of Romans at least 20 times. Keep a journal of your readings in a note book (preferably Hard-cover) where you record the dates and sections of your reading and the lessons you have learned that particular day.
2. Carefully hand-copy the book of Romans - write with your own hand. This will form your own unique handwritten copy of Romans. This principle is drawn from Deuteronomy 17:18-20. See also Romans 16:22
3. Write down on a separate sheet of paper (A4):
 - a) What you learnt when you read the 20 times
 - b) What you learnt as you hand-copied the book of Romans
 - c) Any other lesson that God taught you as you read through Romans.
4. Attend graduation celebration of the Romans Project. In order to qualify, you will need to be checked-out to confirm that you have met the requirements. At the graduation, you will receive a Certificate and an MP3 player with 103 messages on Romans and 700 other messages.

You will also be informed of the next step in your Bible reading development.

Something to ponder

"There is no genuine and sustainable spiritual revival without a personal, diligent, and obedient study of the Bible!"
